ASCY's Multi-Year Accessibility Plan 2017 to 2021

Reviewed June 2020

ASCY's Commitment to Accessibility

Affiliated Services for Children and Youth (ASCY) is committed to meeting the legislative requirements under the Accessibility for Ontarians with Disabilities Act (AODA), 2005.

ASCY began this process in 2008 when it participated in a pilot Diversity Needs Assessment Study which focused on inclusive practices within the organization in several key areas including Leadership and Governance, Programs and Services and Human Resources. Following this process, ASCY formed an internal staff committee on Diversity and Inclusion to further guide the agency in developing guiding principles for the provision of agency programs and services and offering opportunities to staff for further training in these areas.

In 2011, ASCY deemed as a small non-profit organization met the requirements of the Accessibility Standard for Customer Service and then subsequently, the Integrated Accessibility Standards Regulation. In the fall of 2017, ASCY met the criteria for a large non-profit organization under the AODA and began to address the legislative requirements due to this new designation.

ASCY is committed to the goals and guiding principles outlined in our Accessibility Plan posted on our website and available on request to visitors of our sites. We will continue to strive to ensure we provide a welcoming and inclusive place to all who are employed or visit our agency and that there is equal opportunity to benefit from our programs and services while at the same time, respecting the dignity and independence of all people.

We will review the Accessibility Plan on an annual basis making modifications as necessary and commit to reviewing and updating our Multi-Year Accessibility Plan at least once every 5 years.

Our Approach

We value the knowledge and expertise of the ASCY Diversity and Inclusion Working Group and will ask this group to review and provide input as changes are made to our agency's overall Accessibility Plan as well as the Multi-Year

Accessibility Plan. Recommendations made by the ASCY Diversity and Inclusion Working Group will be brought forward to the Management Team for review and approval. When needed, additional input will be gathered through client feedback (i.e.: Feedback Form on website, surveys, focus groups, etc.)
