

Creating a Culture of Reflective Thinking: The Role of Pedagogical Leadership in Early Childhood Programs 2 Day Institute

Friday June 3rd & Saturday June 4th, 2022

9:00 am to 3:30 pm

Courtyard by Marriott Hamilton - 1225 Upper James St

We are living in a rapidly changing world, where we are becoming more aware of the societal and environmental challenges that impact all of us. As people who live and work with the earth's youngest humans, we make decisions every day that have an extraordinary impact on children, ourselves, and our communities. As early childhood educators and leaders, how might we start to evolve our approach to early learning and take up the work of creating inclusive, vibrant learning communities in a way that is responsive to our times? How might we nurture an approach to leadership that is constructed around relationships rather than rules? How do we focus our teaching practices around compassion, curiosity, imagination, experimentation, collaboration, innovation, and kindness?

This two day institute is supported by using the reflective model which invites participants to think with the ideas shared in the session in their small learning communities.
